Welcome sports parents to another exciting season. My name is David Pence and I live here in New Bremen. I am a freelance staff photographer for several local newspapers and attend many games trying to get that one photo for the paper. For the last several years I have been putting the extra game pictures online for parents to view. Pictures can be ordered online and they will be shipped directly to you or you can contact me directly to save shipping cost if you find something you like.

I don't attend every game but if you're sure you would like some pictures from a specific game be sure to let me know and I'll add it to my schedule.

For parents that are sure they would like me to try to get some pictures of their player I have a "Shoot My Kid" page on my website that you can use to register their number (or you can email their info) and I will make sure to capture some images for you to review. (Information can be found on my website under, Services, Event Photography)

I often design and create end of season and graduation posters for parents. Posters are custom designed to meet your expectations and printed on your choice of stock. I've included this baseball poster as an example. If you think you may be interested in a sports poster, which usually contains one large picture and five to nine small images, I would be glad to work on obtaining a group of images for you to choose from. This year posters must be pre-ordered at the beginning of the season to ensure that I have time to get enough pictures for a poster. (To pre-order a poster you can visit my website and look under "Poster, banners, & Cards")

Professionally, David Pence
